

NEURISA Google Groups List Serve

This page describes the purpose of the NEURISA list serve, guidelines for its use, and how to subscribe, post messages, or unsubscribe.

List Serve Purpose

The purpose of the NEURISA list serve is to:

- Provide efficient, electronic communication access to NEURISA members and the geospatial community in New England.
- Keep participants informed about NEURISA activities and initiatives.
- Encourage the professional exchange of ideas and questions.
- Share items of interest, for example, upcoming workshops, events, employment opportunities.
- Allow subscribers to tap into the combined expertise and knowledge of the NEURISA membership and New England geospatial community.

List Serve Guidelines

While it is not possible to take into account all circumstances, the NEURISA board recognizes that it is important to establish some guidelines for using the NEURISA list serve. Within these guidelines, the NEURISA board intends that the list serve be used for communication about NEURISA activities and to foster professional inquiry and interchange, while also limiting the types of e-mails that originate on the NEURISA list serve. Specifically:

1. The list serve shall not be used to solicit business or promote products or services.
2. Information to be shared shall be deemed of general interest and use to the large majority of subscribers. Humor, political commentary, etc. are not to be posted.
3. Do not use the list servers to send messages to individual persons or to reply to an individual person. For private communications, send or reply directly to the person involved. There is no need to inconvenience other members of the list with irrelevant e-mail messages.
4. Additions to the distribution list are monitored. Postings to the group deemed inappropriate by the moderator or by the NEURISA board will result in a warning to the originator of the posting. This warning will include a reminder concerning the list serve guidelines. A second posting from the same originator determined by the moderator or the board to be a violation of the list guidelines will lead to that person being dropped from the list serve.

Only those who are members of the list serve will be able to post to or receive messages from the list serve.

To subscribe to the NEURISA listserve . . . send email to neurisa"at"gmail.com Put the word "subscribe" in the subject line. In the body of your message include:
